

Environmental Policy Statement

Soils and Stone are committed to conducting business in a way that embraces environmental issues and reacts constructively to them.

Our approach is to:

- i) Comply with environmental regulations
- ii) Conduct business in an environmentally sound way
- iii) Apply the principles of reduce, reuse and recycle in all that we do
- iv) Promote environmental responsibility and awareness amongst our employees
- v) Strive to promote the same principles and approach amongst our suppliers
- vi) Monitor and change our approach if necessary

As a company our objective is to conserve and reuse materials, save energy and reduce our carbon footprint. We achieve this by:

- i) Ensuring bought in paper has a recycled content
- ii) Recycling of all paper waste
- iii) Recycling of card, cans, food and plastic waste
- iv) Using environmentally friendly cleaning products
- v) Turning off all screens at night
- vi) Turning off all lights at night and turning down our heating
- vii) Recycling all ink cartridges
